Governor Greg Abbott has officially proclaimed October 17 through October 21, 2022 as “Chamber of Commerce Week” in Texas. Signing an official resolution, Governor Abbott celebrated the more than 600 local chambers of commerce in Texas who “provide a critical link in the communities they serve by fostering a vibrant business environment, promoting local projects, and paving the way for small businesses to thrive.”

During this week, all citizens of [your community here] should pause and reflect on the many contributions made to our community through the efforts of the local Chamber of Commerce. As stated by Governor Abbott, “their work leads to stronger people, better communities, and a prosperous state we are proud to call home. The Chamber of Commerce improves your community by creating jobs, implementing beautification programs, improving education, campaigning for improved streets and highways, and stimulating industrial, commercial, and agricultural growth.”

This year alone, the [your Chamber here] has hosted local and regional events, roundtables and economic development updates, provided assistance to numerous businesses considering locating in our community, dealt with numerous workforce related issues, held a business expo and more to promote small businesses and hosted educational and tourism events all intended to benefit our communities. Add more of your Chamber’s accomplishments here...

Members of the [your Chamber here] and surrounding communities please take a moment to celebrate and thank your chamber’s staff and volunteers for their work and dedication.
