

TCCE MARVIN HURLEY AWARD

Marvin Hurley Award

The TCCE Marvin Hurley Award is presented annually to individuals whom have contributed greatly to the Chamber of Commerce profession as a whole. Evaluation of nominees may include but is not limited to service to their chamber (or multiple chambers), contributions (locally, regionally, or nationally). Other considerations may include career accomplishments in program development, advocacy, organizational development, and technical assistance. The award is given in honor of Texas Chamber Executive Marvin Hurley.

Selection Committee: The selection committee for the Marvin Hurley Award will consist annually of the awards winners of the preceding years. The chair of the committee will be the most recent winner of the award. In the event one of the 3 is not available for judging or is no longer in their chamber positions (or the industry) the TCCE Awards Committee Chair will fill that position. In the event 2 of the committee members are unavailable the Awards Committee Chair and the Vice Chair for Professional Development will fill the roles.
